

Westport Risk Management Premium Credit Program

Westport has developed a new Risk Management Credit program for 2020! **This new program offers you credits up to 20% on your E&O premium for two policy terms.**

The first step is to take an E&O Risk Management Course. MWAIIA has a list of online courses available and these courses are provided at no charge the required attendees for E&O policyholders. Click [here](#) to access the full course catalog.

Earn you first 10%

Take a *Westport approved* three-hour risk management seminar prior to your policy anniversary (or within 30 days after your policy inception/renewal date). The number of agency staff required to attend is based on agency size below.

The credit is applicable for two consecutive policy terms.

<u>Agency Staff Size</u>	<u>Total Required Attendees</u>
1-4	1
5-11	3
12+	25% of staff = Max of 15

Earn another 10%

Do two of the three options listed below. These credits are only available in conjunction with the attendance at a risk management seminar as outlined in the previous step.

Each option is worth an additional 5% credit (max of 10% from 2 of these three options).

- 50% or more of staff attendance at a Westport-approved three-hour Risk Management Seminar (see step 1). Please note that the number of required attendees is rounded up. For example if you have 5 employees, a total of 3 employees must take an approved course for the additional 5% credit)
- Agency use of a *Westport approved* coverage checklist (MWAIIA can provide sample checklists you can utilize for this requirement)
- Voluntary website review with findings implemented

Are you partially through qualification under the previous three-year risk management program?

You have two options, you can embrace the new program and requalify now (you have to meet all requirements as outlined above) or you can phase into this new program when your prior program qualification ends.
